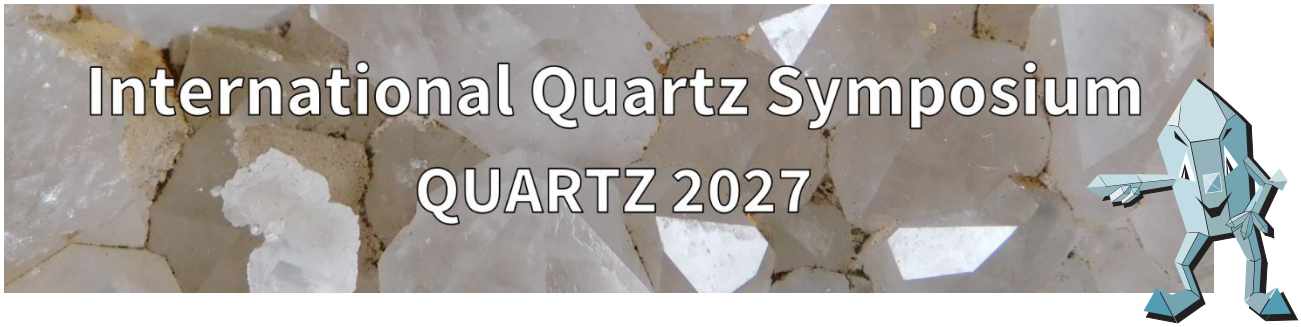
GeoSphere Austria

Bundesanstalt für Geologie, Geophysik, Klimatologie und Meteorologie

4. Wiener Rohstofftag



A conference dedicated to fundamental and applied geoscience, exploration, licence to operate and the future of quartz sourcing in Europe and beyond!

ABSTRACT SUBMISSION DEADLINE IS 15.01.2027

12. – 14. April 2027

GeoSphere Austria
Neulinggasse 38, 1030 Vienna, Austria

The "Wiener Rohstofftag" is a thematically dedicated symposium that brings together members of research organizations, geological surveys, government, industry, NGO, and mining stakeholders, as well as students and the interested public.

The 2027 focus is the raw material quartz. Topics include: geology and mineralogy of quartz and quartz deposits, methods of exploration, social license to operate, global demand / supply, criticality assessment, applications, recycling, alternatives.

Monday, 12. April 2027
- *12:00 Registration*
- *13:00 Oral presentations*
- *17:00 Poster session*

Tuesday, 13. April 2027
- *09:00 Oral presentations*
- *17:30 Public lecture*
- *19:00 Dinner*

Wednesday, 14. April 2027
- *Excursion: Quartz deposits in the Wachau Area*

Registration and abstract submission: https://geosphere.qr1.at/up02ox

Contact: GeoSphere Austria, Neulinggasse 38, 1030 Vienna, +43 1 36026, wienerrohstofftag@geosphere.at, www.geosphere.at
